Fourth Quarter Asbestos-Related Charge

The company's fourth quarter GAAP results included a \$703.6 million, or \$440.6 million after tax (\$2.07 EPS impact), charge related to indemnity and defense costs for pending and future asbestos-related claims. Details of this charge include:

- This one-time non-cash charge was recorded in other expense.
- The cash settlements with asbestos-related claims are already reflected in the company's operating cash flow, and have been since 2004.
- This amount is based on an undiscounted estimate of indemnity and defense costs that may be incurred at one of the company's subsidiaries on account of pending and potential future asbestos-related claims that may be asserted for the next 50 years (through 2067).
- The company paid indemnity and related defense costs totaling \$45.3 million and \$54.7 million, excluding tax benefits and any insurance receipts, in 2016 and 2015, respectively.
- A similar level of indemnity and related defense costs is incorporated into the company's free cash flow guidance.
