BORGWARNER

BorgWarner publie son rapport de développement durable 2023

- *BorgWarner s'engage à être un leader du secteur en matière de développement durable et souligne le rôle important de l'entreprise dans la transition vers l'e-mobilité*
- *La société démontre les progrès accomplis dans la réalisation des objectifs de réduction des émissions de gaz à effet de serre*

Auburn Hills, Michigan, 27 juin 2023 – BorgWarner (NYSE : BWA) a publié son rapport de développement durable 2023 intitulé « [Accelerating Action](#) », qui souligne les progrès réalisés par l'entreprise en 2022 pour atteindre ses objectifs de gestion environnementale, de responsabilité sociale et de gouvernance (ESG) et présente des objectifs supplémentaires pour 2023.

« 2022 a été une nouvelle année de progrès marquants pour BorgWarner. Je suis particulièrement fier de la contribution de chaque personne au sein de notre entreprise, qui ont œuvré collectivement aux mêmes objectifs », a déclaré Frédéric Lissalde, Président et CEO de BorgWarner Inc. « À l'occasion de notre Journée des investisseurs 2023 au début du mois, nous avons dévoilé « Charging Forward : 2027 », qui met l'accent sur notre stratégie d'électrification. L'adhésion sans faille de nos collaborateurs et la coopération avec nos partenaires industriels nous permettent de poursuivre sur notre lancée, pour créer un monde propre et économique en énergie, et atteindre la neutralité carbone d'ici à 2035. »

Comme indiqué dans le rapport, BorgWarner s'est engagé à être un leader du secteur en matière de développement durable et à accélérer la transition vers l'e-mobilité dans le monde.

Les points clés sont les suivants :

- En 2022, 88 % des ventes concernent des produits propres réduisant les émissions, et 53 % de nos investissements en R&D vont aux produits d'électrification.

- Soumettre officiellement nos objectifs de réduction des émissions des scopes 1, 2 et 3 à la Science Based Target Initiative (SBTi).
- Lancement d'axes de travail visant à réduire nos émissions du scope 3 de 25 % d'ici à 2031 par rapport à la référence de 2021.
- Réduction de la consommation globale d'énergie de 13 % par rapport à 2021 grâce à plusieurs actions dont l'utilisation de compteurs intelligents sur les sites de production de BorgWarner.
- Promotion d'une politique d'insertion professionnelle grâce à des actions multiples, notamment des partenariats sur les campus, des programmes de bourses, etc.
- Amélioration des compétences de nos effectifs grâce à des programmes spécialisés tels que « Power to Evolve », qui permet d'acquérir les compétences nécessaires pour travailler sur des systèmes de propulsion électrique.
- Continuer à mettre l'accent sur la gestion responsable de la chaîne d'approvisionnement

Forward-Looking Statements: This press release contains forward-looking statements as contemplated by the 1995 Private Securities Litigation Reform Act that are based on management's current outlook, expectations, estimates and projections. Words such as "anticipates," "believes," "continues," "could," "designed," "effect," "estimates," "evaluates," "expects," "forecasts," "goal," "guidance," "initiative," "intends," "may," "outlook," "plans," "potential," "predicts," "project," "pursue," "seek," "should," "target," "when," "will," "would," and variations of such words and similar expressions are intended to identify such forward-looking statements. Further, all statements, other than statements of historical fact, contained or incorporated by reference in this press release that we expect or anticipate will or may occur in the future regarding our sustainability goals, our financial position, business strategy and measures to implement that strategy, including changes to operations, competitive strengths, goals, expansion and growth of our business and operations, plans, references to future success and other such matters, are forward-looking statements. Accounting estimates, such as those described under the heading "Critical Accounting Policies and Estimates" in Item 7 of our most recently filed Annual Report on Form 10-K ("Form 10-K"), are inherently forward-looking. All forward-looking statements are based on assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments, as well as other factors we believe are appropriate under the circumstances. Forward-looking statements are not guarantees of performance, and the Company's actual results may differ materially from those expressed, projected or implied in or by the forward-looking statements.

You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Forward-looking statements are subject to risks and uncertainties, many of which are difficult to predict and generally beyond our control, that could cause actual results to differ materially from those expressed, projected or implied in or by the forward-looking statements. These risks and uncertainties, among others, include challenges we will face as we seek to achieve our environmental, social, and governance targets, including carbon neutrality and Scope 1, 2, and 3 emissions goals; the difficulty in forecasting demand for electric vehicles and our electric vehicles revenue growth; the challenges associated with rapidly-changing technologies, particularly as relates to electric vehicles, and our ability to innovate in response; future changes in laws and regulations, including, by way of example, emission standards, in the countries in which we operate and international treaties; supply disruptions impacting us or our customers, such as the current shortage of semiconductor chips that has impacted original equipment manufacturer ("OEM") customers and their suppliers, including us; commodity availability and pricing, and an inability to achieve expected levels of recoverability in commercial negotiations with customers concerning these costs; competitive challenges from existing and new competitors including OEM customers; uncertainties regarding the extent and duration of impacts of matters associated with the COVID19/coronavirus pandemic, including additional production disruptions; potential disruptions in the global economy caused by Russia's invasion of Ukraine; the ability to identify targets and consummate acquisitions on acceptable terms; failure to realize the expected benefits of acquisitions on a timely basis; our ability to effect the intended tax-free spin-off of our Fuel Systems and Aftermarket segments into a separate, publicly traded company on a timely basis or at all; the potential that uncertainty during the pendency of the spin-off transaction could affect our financial performance; the possibility that the spin-off transaction will not achieve its intended benefits; the failure to promptly and effectively integrate acquired businesses; the potential for unknown or inestimable liabilities relating to the acquired businesses; our dependence on automotive and truck production, both of

which are highly cyclical and subject to disruptions; our reliance on major OEM customers; fluctuations in interest rates and foreign currency exchange rates; our dependence on information systems; the uncertainty of the global economic environment; the outcome of existing or any future legal proceedings, including litigation with respect to various claims, or governmental investigations, including related litigation; impacts from any potential future acquisition or disposition transactions; and the other risks noted under Item 1A, "Risk Factors" in our most recently-filed Form 10-K and/or Quarterly Report on Form 10-Q.

We do not undertake any obligation to update or announce publicly any updates to or revisions to any of the forward-looking statements in this press release to reflect any change in our expectations or any change in events, conditions, circumstances, or assumptions underlying the statements.
